METHODOLOGICAL ISSUES IN CLASSIFYING ADJUNCT ANTI EPILEPTIC DRUG (AED) TREATMENT IN CLAIMS DATA: ANALYSIS OF THE EFFECT OF THE MINIMUM AED CO-ADMINISTRATION PERIOD

Figure 1. Classification of Partial-Onset Seizure (POS) Patients as Using Monotherapy or Adjunctive Therapy Based on Consecutive Drug Overlap

Figure 2. Proportion of Partial-Onset Seizure (POS) Patients Classified as Using Monotherapy or Adjunctive Therapy

Table 1. Comparison of sample sizes for 350 patients with partial onset seizures and their employee spouses

Table 3. Descriptive Statistics for Study Cohorts

Figure 3. Time from Partial-Onset Seizure (POS) Diagnosis to Mono or Adjuvant Therapy
